**Professional 2-Side Trimmer BLT5302 'BT-25'**

**Finishing solutions that add value to your business**

## KEY BENEFITS

- Professional 'top and bottom' trimming; precisely trims the booklet from both sides at once
- 2 x 3 knives for a perfect spine trimming result
- Ensure that no paper snippet is left on the booklet spine
- Produces professional-looking and high quality booklets
- Productivity: up to 50K booklets per month

For booklets of 20 sheets or more always use 120 g/m<sup>2</sup> (or higher) cover sheets for optimum runnability.

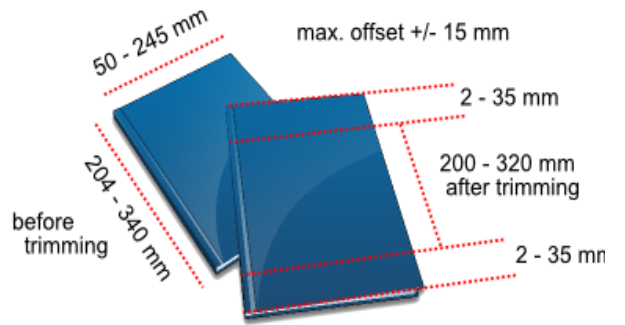

The **BLT5302 2-Side Trimmer** is a cost effective full-bleed solution for Xerox Color C75/J75 Press System. In combination with the Fuji Xerox SquareFold Trimmer it is possible to produce professional full-bleed, flat booklets. The 2-Side Trimmer can be easily set-up through the digital display and has a very small footprint. The side trim can be adjusted quickly and precisely. Various jobs can be saved in the memory.

Specially design for high reliability, the BLT5302 can run long production cycles without the need for operator intervention.

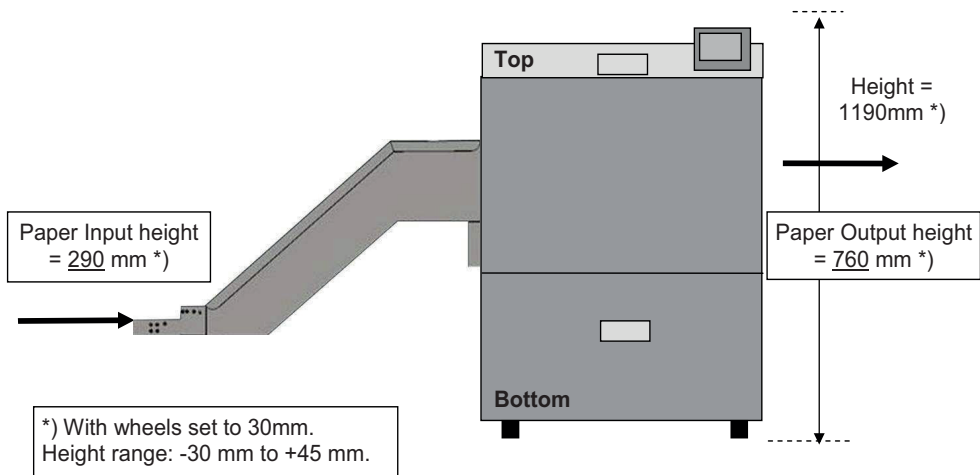

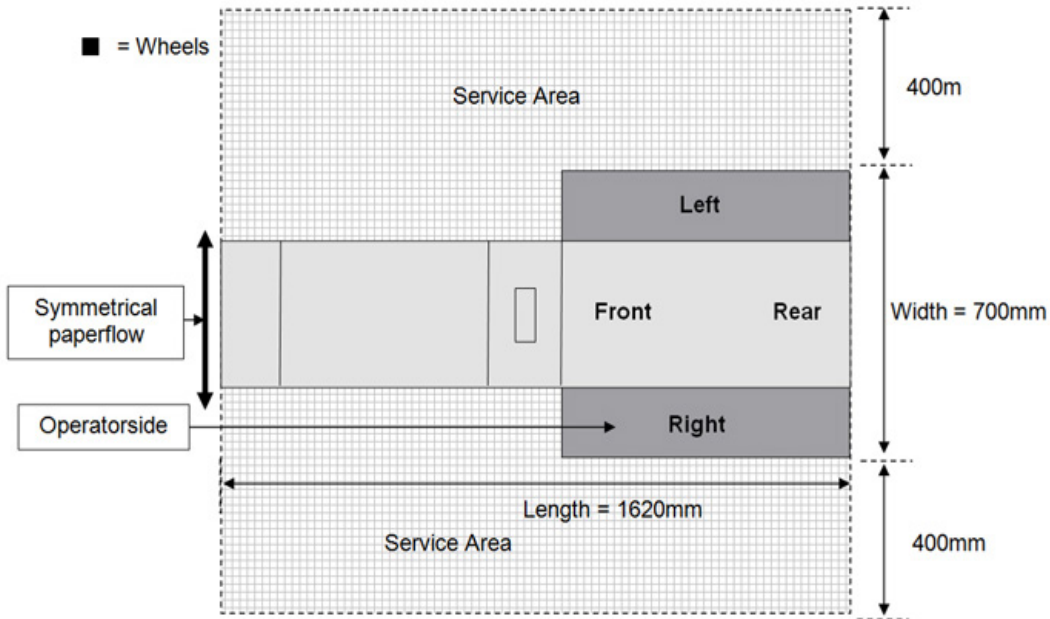

Full colour brochures, manuals, reports and policy documents, for example, can be quickly printed and finished in one streamlined operation without the need for additional handling or finishing steps.

**Specially designed for high reliability and long production runs**
